

Altius

RENEWABLE ROYALTIES

November 28 2024

TSX: ARR | OTCQX: ATRWF

Forward Looking Statement

This presentation includes certain statements that constitute “forward-looking statements” and “forward-looking information” within the meaning of applicable securities laws (collectively, “forward-looking statements”). Forward-looking statements include statements regarding Altius Minerals' or the Company's intent, or the beliefs or current expectations of ARR's officers and directors, including in particular and without limitation: expectations and plans for future growth of ARR including expansion into existing and new markets, acquisitions of additional royalties and illustrative revenue; the need for additional capital along with expected sources of, and access to, such capital; expectations with respect to the use of proceeds; expectations on returns from future investments or royalties; possible changes in regulatory regimes; growth in demand for renewable power and decline of demand for fossil fuel and nuclear based power in the U.S.; expectations relating to the expansion of the renewable energy industry; the effect of government regulation, incentives and taxation regimes on the Company's future revenue potential; incentives or taxation regimes; expectations of cost competitiveness of renewable power relative to other sources of power generation; expectations of MW capacity ARR may receive from investments; and expectations regarding Altius Minerals' continued ownership of Common Shares of ARR. Such forward-looking statements are typically identified by words such as “believe”, “anticipate”, “estimate”, “project”, “intend”, “expect”, “may”, “will”, “plan”, “should”, “would”, “contemplate”, “possible”, “attempts”, “seeks” and similar expressions. Forward-looking statements may relate to future outlook and anticipated events or results.

Factors that could cause actual results to differ materially from those in forward-looking statements include, among other things, changes in market conditions, changes in power prices, changes in expectations for the growth in demand for renewable power in the U.S., unanticipated changes in key management personnel, general economic and political conditions, the risk that the Offering may not be completed and the failure to receive applicable regulatory approvals, as well as the other risk factors described in ARR's preliminary prospectus in respect of the Offering.

By their very nature, forward-looking statements involve numerous assumptions, inherent risks and uncertainties, both general and specific, and the risk that predictions and other forward-looking statements will not prove to be accurate. Do not unduly rely on forward-looking statements, as a number of important factors, many of which are beyond ARR's control, could cause actual results to differ materially from the estimates and intentions expressed in such forward-looking statements. In addition, this presentation may contain forward-looking information attributed to third-party industry sources.

The forward-looking information included in this presentation is expressly qualified by the foregoing cautionary statements. Forward-looking statements speak only as of the date those statements are made, and are subject to change after such date. Except as required by applicable law, ARR does not assume any obligation to update, or to publicly announce the results of any change to, any forward-looking statement contained herein to reflect actual results, future events or developments, changes in assumptions or changes in other factors affecting the forward-looking statements.

Why Renewable Royalties?

Established new financing tool for industry, now recognized by CIP, NextEra, WEC and others

Supports project development through to construction and post-operational refinance or acquisition

Top line revenue exposure
(No ongoing capital or operating cost exposure)

Supports both contracted and market-based power pricing

Broadly diversified portfolio and embedded optionality

ARR Take-Private Plan of Arrangement

Transaction Details

- Altius Renewable Royalties public share float to be acquired by Northampton Capital Partners or one of its affiliates (“Northampton”) for C\$12.00 per share in a take-private transaction for total cash consideration of ~C\$162 Million
- Following the transaction, Northampton will hold approximately 43% of the shares of ARR, with Altius Minerals retaining its current interest of approximately 57%
- Voting results for the Arrangement Resolution received 94% approval overall, including 84% approval from the Majority of the Minority.

Closing Expected to Follow Final Court Order

- Special Committee has received a Formal Valuation (“Valuation”) and Fairness Opinion from National Bank Financial Inc. (“NBF”) in fulfillment of requirements under MI 61-101.
- All cash offer of C\$12.00 per share is near the upper end of valuation range (of C\$10.50 - \$12.50 per share) and is considered fair from a financial point of view
- Offer represents 29% and 36% premiums to 20-day and year-to-date VWAP respectively (calculated to the close of trading on September 4) and compares favorably to precedent transactions
- Offer is fully funded and not subject to financing conditions
- Expected closing in December 2024, following final court order

Strong Adoption of ARR Royalty Financing Continues in Renewables Sector

Old Settler Wind ³	Northleaf Capital	Texas	Wind	Northleaf Capital	150	Operational	Variable
Titan Solar	Sunpin	California	Solar	Longroad Energy	70	Operational	Variable
Cotton Plains Wind ³	Northleaf Capital	Texas	Wind	Northleaf Capital	50	Operational	Variable
Phantom Solar ³	Northleaf Capital	Texas	Solar	Northleaf Capital	15	Operational	Variable
Clyde River	Great Bay	Vermont	Hydro	Gravity Renewables	5	Operational	10% of revenue
Total					2,871		

1. Fixed Rate per MWh, see Press Release dated 12/20/2022

2. Royalties with variable rates adjust under certain conditions, guaranteeing a minimum return threshold under certain timelines, after which a lower royalty percentage is applied

3. While Old Settler Wind Project, Cotton Plains Wind Project, and Phantom Solar Project are three separate projects, GBR's investment was under one agreement, which includes the three projects as a single portfolio

Operating & Construction Stage Renewable Energy Projects Under Royalty

Under Construction

Project	Project Originator	Location	Renewable Energy Source	Owner	Facility Size (MW)	Status	Estimated COD ¹	Royalty Basis
Panther Grove 1	TGE	Illinois	Wind	Copenhagen Infrastructure Partner	400	Construction	2025/2026	3% of revenue
Total					700			

1. Expected COD based on internal assumptions and not detailed knowledge of construction date

Development Properties Under Royalty

Wind

Project	Project Originator	Location	Owner	Facility Size (MW)	Status	Estimated COD ¹	Royalty Basis
